

Florida PTAC at UCF

Government Contracting Resource Links

updated: 8-27-19

The Florida PTAC at UCF maintains this list of **over 100 resource links** primarily as a reference tool for our clients. These are publically available links and anyone is welcome to utilize these resources. However, this list can be overwhelming without a master plan providing some sense of priority so if you need help developing your plan of action, please contact Jean Hill (jean.hill@ucf.edu), PTAC Program Coordinator and connect with the Florida PTAC!

NOTE: Do Not Pay to Register Your Business for Government Contracting. Most vendor registration sites and certification sites do not require a fee. When a fee is involved - be an informed consumer – do not pay for anything you do not understand and always know what you can do for no cost.

Some helpful links for government contractors:

Resource Partners
